

DID YOU KNOW?

You work for an employer who cares.

We are dedicated to making our community a better place to live. That's why we support United Way with a Workplace Campaign.

Why support the United Way?

Together, with United Way, we can achieve more than any individual or single organization could alone. Donating to the United Way of Colchester County allows you to help people you care about in more than one way, and make the biggest difference you can for them. It means you're investing in several community organizations and programs that are working together to make sure people can access the support they need – when and where they need it.

United Way focuses on:

- Building a strong community | for example, \$1,200 (\$46/ pay) provides mental health supports to low income individuals or \$2,600 (\$100/ pay) provides housing, education, support and a caring environment for a young mother and her baby.
- Moving people from poverty to possibility | for example, \$650 (\$25/ pay) provides coaching and employment opportunities to someone seeking to break the cycle of poverty or \$1,000 (\$38/ pay) provides a teen with mentoring and leadership skills for post-secondary studies.
- Helping kids be all they can be | for example, \$130 (\$5/ pay) allows a child waiting for a mentor to participate in a fun activity or \$260 (\$10/ pay) allows a low income child to attend camp.

How can you help?

Your choice to give is personal and voluntary. If you're inspired to make a difference in your community, please fill out a pledge form and begin donating through payroll deduction today.

The goal of the United Way is to bridge gaps for people who are experiencing poverty and marginalization, while working together with donors, volunteers, and partners to achieve it. United Way believes everyone has a role to play in creating an inclusive, bright future for our community.
